

Phil Thibault
(1963- 2014)

Thibault Family Trust

In honor of Phil Thibault

Because he meant so much to all of us

OCIS, Phil Thibault's "work family", created this fund to assist Phil's family following his sudden and tragic passing. Your donation will be used to help support his wife Ann, and three young sons – Julien (17), Matthew (17) and Nathaniel (7).

Phil was an amazing man in so many ways. Even people that didn't know Phil personally have reaped the benefits of his work. If you use Dutchess County [ParcelAccess](#); then you are one of more than 90,000 different people that use Phil's "creation". As evidenced by *ParcelAccess*, his Geographic Information Systems (GIS) skills and contribution to the County, local businesses and the public were immense. This legacy will live on, as before his passing, Phil was putting the finishing touches on the next generation of *ParcelAccess* that will launch later this summer. This will have some amazing new features.

Most importantly, Phil meant so much to his family and all of us that loved and admired him. Phil was always willing to lend a hand and he never shied away from a challenge. He measured his days by his accomplishments (and his practical jokes) and could often be found in his barn working on one of his many projects. Phil was a loving husband, father, son, brother, uncle, and friend. His legacy includes his children, his projects, and the networks of friends and family who love and miss him.

Please consider making a financial donation in Phil's honor to assist the family with ongoing expenses including support for Julien and Matthew who will soon be attending College and of course college for Nathaniel down-the-road. Phil's wife Ann was forced to leave the job market several years ago to care for her severely ill mother; so donations will be a huge help to this amazing family.
