## Coffee Hour with Jonathan the Husky

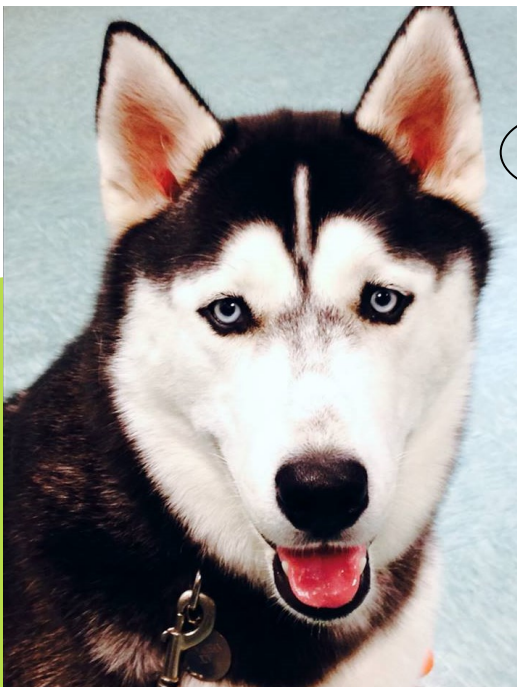

Wednesday, November 12th from 3pm-5pm

ISSS Office, McMahan Hall, Main Floor

Many universities have mascots to represent school pride and interact with students and fans during sporting events. As you probably know, Uconn's mascot is a Husky. But what is so special about our mascot? UConn not only has a costumed mascot but it is also one of the few schools that has a live mascot on campus. And he is just ADORABLE! Except for the very first one, all of our huskies have been white, until Jonathan XIV was introduced in order to match the picture of the husky on the new school logo.

Lucky for us, Jonathan is coming to visit us for Coffee Hour! We cannot be more excited and we hope that you can join us to love on this cute pup!
