

GIS Project Manager—Middletown, CT or Worcester, MA

Tighe & Bond is seeking a versatile *GIS Project Manager* to join our Worcester, MA or Middletown, CT office.

The selected candidate for this role will work in a team environment to manage a diverse GIS project portfolio, guiding project decisions regarding technical approach, cost implications, and project scheduling. They will be responsible for project execution, and oversight of GIS team members, sub-contractors, and consultants to ensure the highest quality of work is provided to our clients. The GIS Project Manager will also engage in business development activities that enhance Tighe & Bond's presence in New England and bring new opportunities to the firm.

Requirements

Ability to work independently on smaller assignments and as a leader of a multidisciplinary team on larger assignments

- Bachelor's degree in GIS, geography, cartography, land sciences, computer science, or related area of study
- 7+ years of GIS technical experience
- Experience managing staff in a team environment
- Ability to oversee and manage complex projects
- Proven client management, organization, and communication skills required

Tighe & Bond has been in business for over 100 years, and is a well-established, highly respected engineering firm with more than 260 employees working in a wide variety of technical disciplines. We were recently recognized by Civil Engineering News as one of the "Best Firms" to work for in the country. We have seven offices: four in Massachusetts (Westfield, Worcester, Westwood and Pocasset); two in Connecticut (Middletown and Shelton); and one in New Hampshire (Portsmouth). Tighe & Bond provides a broad spectrum of engineering and environmental services in such areas as water resources, wastewater treatment, civil engineering and site development, solid waste management, site assessment and remediation, plus environmental health and safety.

In addition to providing challenging assignments, individual career growth and excellent salaries to all of our employees, Tighe & Bond offers our staff a number of additional benefits including health, dental, life and disability insurance, flexible spending accounts, profit sharing, an ESOP, 401(k)Plan, PTO program, internal training and professional development, and a tuition reimbursement program.
