

Dear 4-H Member,

The 2017 4-H Garden Project will be held on **June 7<sup>th</sup>, at Halfinger Farms, 489 Candlewood Hill Road, Higganum**. The program will begin at 6:00 and Mrs. Jennifer Halfinger will be teaching the session on container planting. Each participant will be given a small budget and will be able to choose their own plants.

You can register by sending the bottom portion of this slip to the Middlesex County 4-H Office by June 4, 2017 or by emailing the information we have requested below, by the Thursday June 5, 2017. Email [emily.alger@uconn.edu](mailto:emily.alger@uconn.edu) (put garden project in the subject) with your responses please. Please let us know even over email, we need a participant count and cannot just take people at the door. Please let us know by June 1 if you plan on attending.

**AGAIN THIS YEAR** – we are promoting responsible recycling! Please bring a garden container (last year’s would be great) to plant in. This way you can choose the size, color, and “look” of your container. If you do not have access to a container please let me know. We got a large donation of terracotta pots, so if you need one of those let me know and we can bring some!

This is a great opportunity to do a science and gardening activity. Plants budgets are being provided by the Middlesex County Advisory Committee, who can be thanked at

Middlesex County Advisory Committee  
1066 Saybrook Road, Box 70  
Haddam, CT 06438

Thanks and hope to see you there!

Sincerely,

*Emily McCabe Alger*

Emily McCabe Alger
