

Student Employment Scoop

Special Edition—April 2019

National Student Employment Week 2019

National Student Employment Week officially “kicks off” on Sunday, April 14th and runs through Saturday, April 20th. Please take a moment during this time to offer thanks and appreciation to your student employees for all of their contributions and efforts over the past year. Gestures of gratitude are appreciated in recognition of the fact that our student employees play an integral role in keeping the University of Connecticut running. Here are some highlights from last year’s celebrations to use as inspiration.

Student Employee of the Year
